**Anite Secure Information Solutions is the Scottish operation of Anite Public Sector, which operates from offices in Glasgow and Edinburgh. Anite Scotland has grown significantly over the past few years, both in size and in presence within the market.**

**Employing just over 100 people and with over 90% of Scottish Local Authorities as clients, the company is firmly positioning itself as one of the leading providers of technology solutions and services within the public sector and criminal justice arena in Scotland.**

**The NRG Report Writer is deployed as part of Anite's District Court solution to provide ad-hoc financial and management reporting capability on all aspects of fines collection and court management processes.**

**Currently there around 30 deployments in nearly 50 sites across Scotland. NRG Report Writer PC clients report on Microfocus COBOL C-ISAM indexed sequentially files that reside on UNIX file systems.**

**Flexible deployment models, typically 1 admin and several user copies per site, and technologies (various flavours of UNIX, NT, Novell and Citrix), allow Anite Scotland to run a standard piece of software across a diverse marketplace.**

**"Users enjoy the power of a graphical front end giving the benefits of near instant results as well as the ability to share (export and import) reports commonly useful across the national user group community".**
