

INTEC for Business

Ashby House
3 Debyshire Road South
Sale
Manchester
M33 3JN

INTEC Public Sector is a provider of market-leading products and services to the public sector. The Portfolio of products spans procedures & legislation, incident management, hazard registering, case management, counter fraud case management, risk analysis, data profiling and data matching. Intec design, develop and deliver high tech solutions that improve public sector environments' and help them to run more effectively

Intec chose the NRG Report Writer a number of years ago to provide the facilities to produce various types of information including:

- Weekly statistical information
- Progress monitoring
- Budget monitoring
- Searching for specific details
- Best value requirements
- Ad-hoc reports / specific reporting
- Management information

Intec find that the NRG Report Writer is excellent for constructing flexible reports and being able to create NRG Includes that allow variable selections when the reports are run. They also comment that the speed with which reports run is very efficient.

"The Support Service is excellent offering a fast response and often resolving the problem on the initial telephone call due to the high level of knowledge of their support staff. Otherwise if the problem needs further investigation by Expernet, again the turnaround time is rapid with the problem always being resolved to the satisfaction of our customers".
